

## Pre-Listening Questions

You are going to listen to a lecture given by Ajarn Richard about "Creative Thinking". Before listening, what information do you expect or hope to get from this lecture?

---

---

---

---

---

The following are questions you should bear in mind in order to take notes effectively.

1. What's the importance of creative thinking?
2. Why do we need to learn it?
3. How many ways of creative thinking are there?
4. What are they?
5. What are the examples of each way of creative thinking?
